CONVENTION HIGHLIGHTS

Convention Program

The focus of the program this year is on the **best practices (BP)** of psychology. The 2010 Convention Committee chose this as the theme in an effort to highlight innovative conceptualization and application of research-supported strategies. The programming is designed to update and challenge psychologists and other mental health professionals in order to promote the best practices of our field. There are over 80 hours of CE credits offered over the Thursday, Friday & Saturday Convention. The Convention Committee hopes that the programming exposes you to new strategies, encourages you to consider new ways of thinking, and leads you to implement the best practices in your work. Enjoy the Convention!

Ross W. Greene, Ph.D. The Collaborative Problem-Solving Model

Ross W. Greene, Ph.D., is originator of the Collaborative Problem Solving (CPS) approach, a model of a psychosocial treatment for children and adolescents with social, emotional, and behavioral challenges. A widely published author, he is perhaps best known for his books *The Explosive Child* and *Lost at School*. Dr. Greene is an Associate Clinical Professor in the Department of Psychiatry at Harvard Medical School and Director of Lives in the Balance, a non-profit organization he created to disseminate the CPS model. Friday, November 12.

Robert Tringone, Ph.D.

Child/Adolescent Personality Assessment

Robert Tringone, Ph.D., received his doctorate at the University of Miami where he studied under Dr. Theodore Millon. Through their joint research ventures, Dr. Tringone served as a Personality Disorders Adviser to the DSM-IV Axis II Work Group. Since 1992, Dr. Tringone has been a Pearson-certified Workshop Leader, focusing on adolescent assessment with the MACI and integrating results from this instrument with several projective techniques. He is co-author of the M-PACI, a self-report instrument for 9-12 year olds, and a prolific author. Dr. Tringone works at St. John's University in the Department of Wellness in Queens, New York, and maintains a private practice. Thursday, November 11.

Dustin F. Wygant, Ph.D.

MMPI-2 RF Overview & Advanced Topics /Best Practices in Child Custody Evals

Dustin B. Wygant, Ph.D., received his doctorate at Kent State University studying with Dr. Yossef S. Ben-Porath. Together, they have published multiple scholarly articles on the MMPI-2 and MMPI-2-RF. Currently, Dr. Wygant is an Assistant Professor of Psychology at Eastern Kentucky University (EKU). Prior to his position at EKU, Dr. Wygant completed additional training and worked in forensic and clinical psychology in Akron, Ohio. Friday & Saturday, November 12 & 13.
